

# Save Time and Money!

Introducing Non-Hazardous MIRACLE GLOSS M8 3.0

## Technological Breakthrough

**Miracle Gloss M8 3.0** is the first paste wax for the Composites Industry that can be shipped and stored as non-hazardous goods!

**Miracle Gloss M8 3.0** can ship by air freight without restrictions or by truck without a hazard-certified truck driver. You'll reduce shipping costs and save time securing bookings!

## Save Application Time

**Miracle Gloss M8 3.0** can be wiped off immediately, after 5 minutes, or after several hours with no decline in release or gloss properties. This flexibility allows you to do larger areas without stopping to wipe it off.

With **Miracle Gloss M8 3.0** there's no need to apply and wipe small sections. You can apply it to the entire tool, no matter how large, and wipe it off all at once to save valuable time.
